

Why Join CPN?

CPN is a **statewide organization of business and professional leaders who are involved with design, construction and related services**. CPN was created through the efforts of a few dedicated individuals engaged in construction law, construction management, design, construction, project development and finance and dispute resolution. CPN offers its members:

- **Informative Statewide Membership Meetings** with the opportunity to receive **Continuing Education Credits**. Connect with members across the state, travel to different cities in NC, and gain valuable knowledge on educational and legislative topics affecting the Construction & Design Industry. CPN delivers the most current information to our members.
- **Social Events** to network and develop relationships with other members. Socials are open to CPN Members, their friends and families. A great way to introduce member prospects to the organization and develop personal relationships with your peers.
- **Regional lunches**. Informal, quick gatherings with other CPN members in specific regions of the state in an informal setting. Network and discuss business opportunities.
- **Opportunities to join committees** to help shape the future of the organization.
- **Opportunities to get involved on CPN Institute projects** to make an important impact on NC rural communities. Use your knowledge and expertise to empower NC Communities and improve their physical and economic environment.
- **Additional events** are held throughout the year including a **Golf Tournament, Clay Shoot**, and an **Annual Conference**. Annual Conferences are held in a magnificent location within NC and a great time to come together as an organization and learn, celebrate the organization and bond with CPN members and spouses.
- **Opportunity to submit Company Projects for a CPN Star Award**. Star Award honors chosen projects that are the most outstanding new construction projects in the State of North Carolina. It is selected on the merits and challenges of the project by an objective group of judges. The Star Award represents a symbol of excellence and is the highest achievement in the Design and Construction industry.
- **Your dues help fund a student internship program** that allows the CPN Institute to place a university intern in a rural community to support the CPN Institute's mission. Interns will work in conjunction with the CPN Institute volunteers and community leaders.
- **Ways to stay connected!** CPN has an **interactive website**. Search for member's information, register for events, and stay informed on the organization. **CPNI has a website** with information and reports on our grants, projects, and volunteers and also allows volunteers to sign up for projects and track their hours. **Join our Linked-n page** and share your company news and achievements – let CPN be your biggest cheerleader. An online **membership manual** for quick access to member's contact information. Keep up with photos and news on our Instagram and Twitter accounts.
- **Electronic newsletters** to keep you informed on members achievements across the state, industry news, event pictures, and CPNI project reports.
- Get even more out of your membership by volunteering - ***Serve on a planning Committee!***
